

Examples of dilemmas to work with:

Telling the truth vs. protecting someone

Example: sharing painful information that may emotionally hurt another person.

Loyalty to a friend vs. following rules

Example: discovering that a coworker or classmate did something wrong.

Privacy vs. security

Example: checking someone's messages or personal data to prevent harm.

Profit vs. environmental impact

Example: a company increases profits using environmentally harmful practices.

Justice vs. compassion

Example: strictly punishing someone who made a mistake out of necessity.

Artificial intelligence and automation

Example: replacing human workers with automated systems to improve efficiency.

Freedom of speech vs. harmful speech

Example: allowing offensive opinions on social media or limiting them to protect others.

Saving a life vs. obeying the law

Example: a doctor or citizen breaks rules to help someone in an emergency.
